

Lipopen Ultra Cream Base

Lipopen Ultra Cream Base

Lipopen Ultra Cream Base

Fagron's Lipopen Ultra Cream Base is a highly elegant transdermal vehicle specially formulated to maintain stability in the presence of high Active Pharmaceutical Ingredient (API) percentages, solvents, salts and across a wide pH range. Lipopen Ultra Cream Base has a smooth, luxurious feel and quickly absorbs leaving the skin smooth and non-greasy.

Lipopen Ultra Cream Base benefits

- High API compatibility – compatible with a broad range of actives, non-specific to salt
- Time saving – ready-to-use base, no need for wetting or adding thickening agents
- Elegant and creamy texture
