Ordering Tips

- Place your order **online at fagron.co.za** instead of e-mail or phoning in.
- Please view our **Frequently Asked Questions** online before giving us a call.
- Please do not pay for your order before you have received an **invoice**.
- Orders will only be dispatched for delivery once **all amounts due are paid in full**.
- Please try to **avoid sending multiple** e-mails to avoid a duplication of your order.
- **Courier** services are **extremely busy** during November, December and January. Please be mindful of service delays that might occur from couriers.
- Sometimes couriers cannot deliver to **remote areas**. If you are going on holiday, please ensure your order is placed well in advance and before you leave to ensure delivery at your usual address.
